Let us introduce ourselves,

aslan's how organics is a private Christian farm camp with a mission to ignite passion in our youth for nature and growing produce. Our days are spent tending to vegetables, exploring the farm, planting and making crafts with nature's bounty. aslan's how organics was birthed in 2009 by 'Aharown Luke in Mount Vernon, Washington.

We admit students of any race, color and national origin to all rights, privileges, programs and activities accorded or made available to the students at the farm camp.

Our Motto

"Igniting a love and curiosity for all God's creation through farming, play and art."

Our Focus

aslan's how organics maintains a focus on providing an introduction to farming vegetables which will educate students from soil fertility all the way to harvest. Incorporated into the education will be hands on crafting, building and water play. All our faculty members and board members are Christians and have a call on their life to educate, mentor, support the farm camp and train young people. Our faculty has a desire to be of service to students and their families as well as the community.

We are committed to providing an environment that is both safe and educational for students. Everyone that comes to aslan's how organics will have experiences that grow their knowledge of farming and expand creativity. We believe all students should come away from their farm camp experience excited about nature, it's Creator, and equipped to grow their own food.

Our Goals

It is our passion and goal to offer an exceptional educational experience for all who desire to be a part of the farm camp's mission. Every policy we make and the program we have created are centered around the belief that each student has something beautiful and unique to them that is meant to enrich their families and communities.

ASLAN'S HOW ORGANICS FARM CAMP 2026 Policies and Procedures

Student Name

Birthdate

aslan's how organics is an active CSA farm with sharp objects and various on farm risks. Large tractor and other high speed rotatory equipment will not be run during camp. The farm needs to ensure each camper is safe as well as creating a safe environment for the other campers.

These are the expectations for each camper:

- Use materials appropriately
- Follow instructions
- Stay with group as we move about the camp
- Verbal or physical aggression is not tolerated
 - This includes swearing, yelling, hitting, throwing, misuse of tools that endangers self or others.
- Camp Removal
 - If camper becomes aggressive or unsafe then parents will be notified once
 - If camper continues to be aggressive or unsafe then, after the one warning, will be removed from camp with remaining days refunded. The refund will be mailed within a two week time period by check.
